

2024 Sway Concussion Testing

All Fork Union Military Academy (FUMA) cadets must take a baseline concussion assessment using the Sway software. This assessment will serve as a baseline if a concussion is suspected or sustained while on campus at FUMA. The cadet must be the person taking the entire test and following instructions on the screen. The assessment should be taken in a quiet space with no distractions. Please use the following code to take the Sway Concussion assessment: **CX4AM**

Please note the following additional instructions:

1. Download the “Sway Medical” app for Apple or Android phones; it appears as a blue box with three horizontal lines displayed.
2. Select “enter code” at the bottom of the screen: use code **CX4AM**
3. The cadet should be the only person to take the entire assessment.
4. Follow the instructions exactly as they appear on the screen.
5. When creating a profile, please enter the cadet’s **full name** and double check the birthdate.
6. Phone must be in do not disturb (DND) mode, **please disable the repeat call feature** to reduce disruptions.
7. **DO NOT “Skip” ANY PORTION OF THE ASSESSMENT.**
8. Unless you are actively concussed, your symptom score should be close to if not zero.
9. Run “Hardware Verification” on a flat surface and do not touch the device or surface while calibration is active.
10. All balance testing should be performed **standing** with your **eyes closed**.
11. The device should remain in your hands during the full test.
12. Complete the remaining sections of the assessment to the best of your abilities.
13. Please contact miless@fuma.org or collierm@fuma.org with any questions.

Please go to the SchoolAdmin Parent Portal and compete the Sway Concussion Testing Form on your Enrollment Checklist to complete this process.
